www.northeastalliance.com

## **Organizational Priorities:**

- Lead the agribusiness community with programs and policies that address industry issues
- Create and Maintain a regulatory climate conducive to agribusiness growth in the Northeast
- Support a growing, thriving production agriculture industry
- Collaborate with industry stakeholders on issues and programs that serve and strengthen agriculture
- Provide excellent programming to address educational needs within the industry

**The Northeast Agribusiness and Feed Alliance** represents agribusinesses throughout New York and New England.

We welcome membership from across the United States and Canada.

### **Member Directory**

## **Agribusiness:**

### **The Support Industry for Production Ag**

- Feed, seed, fertilizer, financial services, transportation, veterinary and nutritional services, and professional advisors all comprise a network of companies that help make the farming community successful.
- The Alliance provides professional support to agribusiness through advocacy, collaboration and educational services.
- The Alliance is the only multi-state association lobbying for agribusiness in the Northeastern US.
- The Northeast is well positioned for production agriculture growth. Our proximity to markets, quality soils and plentiful water make our region attractive for farming. The Alliance is there for the agribusiness community.
